[Mounting Dimensions](#)

[200RV-PT to MANRV102-RF Connection Changes](#)

4 Function Fill Valve	
City Fixtures	Supplies water to the fixtures directly from the city water hookup.
Dry Camping	Supplies water to the fixtures directly from the on-board tank.
Tank Fill	Supplies water to the holding tank from the city water hook-up.
Sanitize/Winterize	Supplies sanitizing/winterizing fluid to the fixtures from the inlet connection. (via pump)

2 Function Water Heater Bypass Valve	
Normal	Supply cold water to the water heater and supply hot water to the fixtures.
Bypass/Drain	Diverts cold water to the Hot fixtures isolating the water heater.
